Playing team sports, organized, or not, is a normal, healthy part of growing up in Canada. Many children and youth dream of scoring the winning goal in overtime, hitting a homerun in the bottom of the ninth inning, or crossing the goal line for a touchdown with only seconds left to play. Competition, challenge and team experiences are beneficial for everyone

Challenger Baseball is a program for players with special needs. Participation in our league can provide players the opportunity to develop and / or improve endurance, coordination and skills, such as sportsmanship and fair-play, at recreational or competitive levels of involvement. Individuals develop a sense of belonging, lasting friendships are built and strengthened and the level of fun and enjoyment of life is enhanced.

Buddies may assist players during games, however, the priority of the buddies is to encourage the player to participate to the maximum of their ability. Rules are adapted as required to match players' abilities so that participation and teamwork are emphasized.
